Dr. Peter Tarlow, president

March 2, 2021

To whom it may concern,

It gives me great pleasure to write this letter of endorsement for Ms Alia Garcia-Ureste to represent the Texas 23rd district in the United States Congress. I endorse her candidacy in the strongest of terms. During my term as Chairman of the Texas Holocaust and Genocide commission Ms. Garcia-Ureste was an active member. Her thoughtful comments and active participation helped to make the commission during my term the most active and successful Holocaust and Genocide Commission in the United States

I have also had multiple conversations with her. I have found Ms. Garcia-Ureste to be a person who will hold fast to the principles formulated by former President Trump. Ms. Garcia-Ureste is a person who cares about others and is willing to fight to make America a better place for all of its citizens.

I cannot endorse Ms. Garcia-Ureste in strong enough terms. She will serve her district with honor and fight to make America great for its citizens.

Sincerely,

A handwritten signature in black ink that reads "Dr. Peter E. Tarlow". The signature is written in a cursive style with a large "D" and "T".

Dr. Peter Tarlow, President of Tourism & More Inc,
